# ACEs Agenda

9/27/19

Risk to Resilience, Yakima Washington

[www.risktoresiliency.org](http://www.risktoresiliency.org)

**Vision:** To Build a Strong and Thriving Community

**Mission Statement:** We seek to inspire interagency collaboration in order to empower people to create a trauma-informed community where resiliency is both accessible and equitable to all.

## Agenda

| New Business                                                                                                                       | Presenter                                                           | Time |
|------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------|------|
| Welcome and Introductions                                                                                                          | Leadership Team                                                     | 3    |
| Table welcome<br>State an example of resiliency in action                                                                          | Leadership Team                                                     | 10   |
| Greater Columbia Accountable Communities of Health<br>Improving health and well-being, equity and lower health care costs for all. | Susan Martin                                                        | 2    |
| Going upstream to address ACE's through media and marketing.                                                                       | Ruben Peralta<br>Greater Columbia Accountable Communities of Health | 30   |
| DOH statewide ACE Leadership Development                                                                                           | Debbie Gaidos                                                       | 3    |
| Announcements & Sharing                                                                                                            | All                                                                 | 10   |
